

Market Consultation March 2016:

Continued use of AS2 as data exchange solution with Fluxys Belgium

In the framework of the implementation of the Commission Regulation (EU) 2015/703 of 30 April 2015 establishing a network code on interoperability and data exchange rules (INT NC), Fluxys Belgium organizes between 7 March and 28 March 2016, the present market consultation on the option to continue to use the current data exchange solution (AS2) for messages between Fluxys Belgium and its grid users after the entry into force of the INT NC.

- In accordance with Articles 21.1 and 23.1 of the INT NC, Fluxys Belgium will offer, as from 1 May 2016, AS4 to its grid user that are willing to use this new data exchange solution.
- Subject to the approval of the Belgian regulatory authority (CREG), and in accordance with Art. 23.2 of the INT NC, Fluxys Belgium will continue to offer the current data exchange solution, AS2. Grid users will therefore have the choice between AS2 and AS4.

The related modification of Access Code Attachment C1 – General Operating Procedures – of Fluxys Belgium is hereby consulted. Aiming an approval before 1 May 2016, may we kindly ask you for your feedback before March 28 2016.
