

Interconnector (UK) Limited

Date: 10 Oct 2013

Consultation on the new IUK Access Agreement

The way in which the European Gas Market is regulated is changing. These changes mean that the ways in which companies like Interconnector make capacity available to the market will need to adapt. We are seeking your views on a new contract we have designed to facilitate our compliance with the new regulatory framework and to build on our existing services.

Our consultation document can be found on www.interconnector.com, along with our proposed new contract and a summary of the service provision available under this contract.

We feel it is important to hear the opinions of as many stakeholders as possible as we develop our business rules, and we encourage you to reply with your feedback. You can send your comments and questions to consultation@interconnector.com or call Lucy Manning directly on +44(0)20 7092 6594

INTERCONNECTOR (UK) LIMITED - BACKGROUND

Interconnector (UK) Limited is a joint venture company that owns and operates the strategic bi-directional gas pipeline and terminal facilities linking the UK and continental European energy markets. The system is capable of transporting approximately 810 GWh/d from Zeebrugge to Bacton and 630 GWh/d in the opposite direction.

Further information on IUK can be obtained from www.interconnector.com or contact +44 (0) 20 7092 6500
