<b>3</b>	<b>Outcome of consultation process</b>	<b>3</b>
<b>4</b>	<b>Appendices</b>	<b>3</b>
4.1	Appendix I: Market consultation – public material	3
4.2	Appendix II: Market consultation – confidential material	3

## **1 Introduction**

From the 10<sup>th</sup> of May 2021 until the 28<sup>th</sup> of May 2021 included, Fluxys Belgium consulted the market on its proposed changes in the regulatory documents.

The proposed modifications in the regulatory documents aim at:

- (i) The introduction of the VIP THE-ZTP by merging the IPs Eynatten 1 and Eynatten 2
- (ii) The introduction of a new service, “ Additional Shipper Code Service”
- (iii) The reduction of the lead time for assignments through Prisma
- (iv) Technical changes

## **2 Consultation process**

Fluxys Belgium launched this market consultation by publishing the proposed documents on its website - at the usual location for such consultations, supported by an announcement on the homepage - and via direct e-mailing to all registered market participants and associations. During the period from May 10<sup>th</sup> until May 28<sup>th</sup> (included), stakeholders were invited to submit their written feedback and if needed, seek additional information through bilateral contacts with Fluxys Belgium.

Taking into account the different comments received, Fluxys Belgium submits for approval to the CREG, the so amended version of the STA, TP and ACT.

## **3 Outcome of consultation process**

All comments received are listed and individually treated in the “Q&A's”, included in the consultation report submitted to the CREG – see appendices.

Feedback was received from one Network User, indicated as confidential. The Network User inquired about changes to services outside the scope of this consultation. The questions will be assessed and if needed, treated in a new consultation.

## **4 Appendices**

**4.1**     ***Appendix I: Market consultation – public material***

**4.2**     ***Appendix II: Market consultation – confidential material***
