

INTRODUCTION OF VIP-BENE AS FROM 1/04/2020

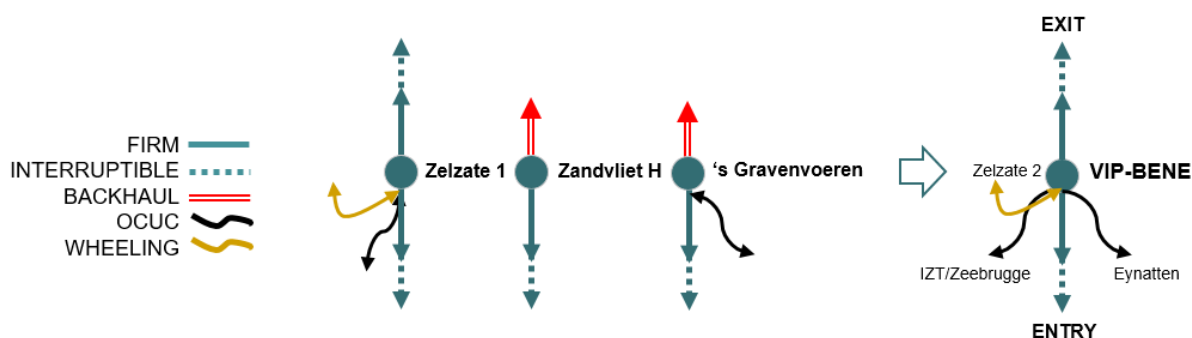

On 1 April 2020 Fluxys Belgium and GTS will introduce a Virtual Interconnection Point (VIP), named VIP-BENE, between ZTP-H and TTF. This VIP will combine the interconnection points Zelzate 1, Zandvliet H and 's Gravenvoeren. From 1 April 2020 onwards, all market activities, such as capacity booking, nominations, allocations or invoicing, will be operated on the VIP. Existing contracts are unchanged in nature, quantity, duration or tariff, but will be operated on the VIP as well. The interconnection point Hilvarenbeek L is not involved in this new VIP.

PRODUCTS & CAPACITIES

Resulting from the combination of the products and capacities on Zelzate 1, Zandvliet H and 's Gravenvoeren, Fluxys Belgium will offer following products on VIP-BENE:

- Entry and Exit firm and interruptible capacity in both directions
- OCUCs from/to IZT/Zeebrugge and Eynatten ½
- Wheeling from/to Zelzate 2

The available firm capacities on VIP-BENE will be the sum of the corresponding available firm capacities on Zelzate 1, Zandvliet H and 's Gravenvoeren.

TARIFFS

The tariffs applicable on VIP-BENE, as approved by CREG on 07 May 2019, are the direct result of the tariffs on the former interconnection points. Therefore, there will be no tariff changes on existing contracts resulting from the introduction of VIP-BENE. You can find the applicable tariffs in the table hereunder or on the tariffs sheet as published on the Fluxys Belgium website.
