

	Beschreibung	Erläuterung
Art. 29 (a)	Information for standard capacity products for firm capacity (reserve prices, multipliers, seasonal factors, etc.)	<p><u>Art. 29 a) i) – Reserve prices:</u></p> <ul style="list-style-type: none"> • Price sheet 2020 (the price sheet 2021 has not been published yet, please see also the following information) • Market information on REGENT for 2021 (incl. reference prices 2021) • ENTSOG Transparency Platform (incl. tariffs 2021) <p>Art. 29 a) ii):</p> <ul style="list-style-type: none"> • Multipliers: see Price sheet 2020 and BNetzA draft Decision BK9-19/612 ('MARGIT 2021', final decision is currently only available in German). • Seasonal factors are not applied <p>Art. 29 a) iii): For the justification of the level of multipliers, Fluxys Deutschland refers to BNetzA draft Decision BK9-19/612 ('MARGIT 2021', final decision is currently only available in German).</p>
Art. 29 (b)	Information for standard capacity products for interruptible capacity (reserve prices and an assessment of the probability of interruption)	<p><u>Art. 29 b) i) – Reserve prices:</u> See Price sheet 2020 and ENTSOG Transparency Platform</p> <p><u>Art. 29 b) ii):</u> Fluxys Deutschland offers interruptible capacity (uFZK). Bundesnetzagentur determined the discounts for interruptible capacity at interconnection points in its Decision BK9-19/612 ('MARGIT 2021') Annex I. The methodology to calculate these discounts is described in chapter 6 of the decision. The English version of the consultation document – methodology as well as specific discounts have not been amended in the final decision – can be obtained here. The data to calculate the discounts have been published during the consultation of decision MARGIT.</p>
