

Interconnector Limited

13 December 2022

Maintenance shutdown for Calendar Year 2023

Following further discussion between INT and our connected TSOs, an amendment has been made to the shutdown dates for Calendar Year 2023 communicated on 24 November.

A maintenance shutdown will now commence at 06:00 CET Thursday 16 November 2023 for a period of 15 days ending at 06:00 CET Friday 1 December 2023. This aligns more closely with the stakeholder feedback received during the consultation period.

There will be no flow through the Interconnector in either direction for the duration of the maintenance period.

Interconnector Limited - Background

Interconnector Limited owns and operates the strategic bi-directional gas pipeline and terminal facilities linking the UK and continental European energy markets. The system is capable of transporting approximately 803 GWh/d from Zeebrugge to Bacton and 651 GWh/d in the opposite direction.

Further information on INT can be obtained from www.interconnector.com
