Considering the high implementation effort caused by the market area merger on October 1st, 2021, it is not possible to implement all THE-VIPs at the same time. The progressive introduction of the VIPs to be formed is also based on their respective complexity.

Until the introduction of THE-VIPs the marketing of capacities at the existing NCG and GASPOOL VIPs and IPs will be temporarily continued. As soon as the new THE-VIPs are set up, the transport contracts already concluded at the NCG and GASPOOL VIPs and IPs will be transferred to the new THE-VIPs and the relevant VIP-TSOs, as described in the Supplementary Terms and Conditions of the transmission system operators (TSOs).

A consolidation of the VIPs on the border to the Czech Republic is currently not planned. The current VIPs (VIP Brandov-GASPOOL and VIP Waidhaus NCG) will therefore continue to exist beyond the market area merger and will be renamed as VIP Brandov and VIP Waidhaus as of October 1st, 2021.
